

TO WHOM IT MAY CONCERN

This is to certify that the German National Dr. Helgo Meyer-Hamme is well known to this Consulate General. He is founder of the project H.E.L.G.O. - „Help for Education and Life Guide Organisation“, which enables child labourers to receive an education. His organisation in Germany makes funds available to various NGO's operating in India to protect children against exploitation.

At present there are about 100 children supported by his organisation. Throughout, the families of the children supported by the NGO are in close contact with H.E.L.G.O.'s social workers. Additionally with the organisations help there are other NGOs, which enable 1500 children to go to school. The families of those children in return receive for the loss of labour compensation like basic food items, soap, toothpaste etc., but no money.

The Consulate General of the Federal Republic of Germany kindly requests the Indian authorities to provide Dr. Meyer-Hamme and his organisation H.E.L.G.O. necessary assistance and support for their project in Kolkata.

The Consulate General of the Federal Republic of Germany takes the opportunity to thank the Indian authorities for its kind cooperation.

Kolkata, 23rd November, 2017

Dr. Michael Feiner
Consul General
